Dear Ms. Dortch:

This letter is to inform you that on June 24, 2010, Daniel Hesse, Chief Executive Officer of Sprint Nextel Corporation ("Sprint"), Vonya McCann, Senior Vice-President of Government Affairs and the undersigned, met with Commissioner Meredith Attwell Baker, Charles Mathias, Henry Greenidge, Ray Hashem, Gussie MacLaughlin, of Commissioner Baker's office, to discuss Sprint's business operations and the regulatory challenges it faces.

Sprint reviewed the dramatic gains it has made in customer satisfaction as well as the overall performance of the company. Sprint noted the importance of preserving a robust competitive environment for wireless services and the role the Commission plays in ensuring that such competition continues into the future. In particular, Sprint emphasized the importance of addressing special access services and the need for action in this long standing docket. Sprint also discussed the need for data roaming services, its support for the Commission's proposal for the auctioning the 700 MHz "D-Block" spectrum, and the need for resolution of the outstanding BAS spectrum proceeding.

Finally, Sprint noted it was continuing to review the Commission's proposals on reclassification of broadband services and the Commission's role in addressing communications in a broadband world. Sprint's comments were consistent with its filings in the above-referenced dockets.

Pursuant to Section 1.1206 of the Commission's rules, this letter is being electronically filed with your office. Please let me know if you have any questions regarding this filing.

Respectfully submitted,

/s/Charles W. McKee
